Dear Mr. Sharrer:

The Division has received your letter of March 2, 1983 and will consider it as an application for modification of your existing Mining and Reclamation Plan. The staff will undertake a review within the next few weeks and questions, comments or suggestions will be forwarded to you. Considering the current approval given by the Department of Health, the extent of our comments may be lessened somewhat. However, in accordance with Title 40-8-18 (2) of the Mined Land Reclamation Act the Division expects that construction of this project will await final approval.

If you have any further concerns at this time please don't hesitate to call.

Sincerely,

THOMAS N. TETTING
ENGINEERING GEOLOGIST
